Nursing Home in Accordance With Ruling

The Hempstead County Nursing Home is being built in accordance with the law, County Judge O. Byers announced today following publication in a state paper a ruling from the attorney general's office.

And there is absolutely no friction between the Judge and members of the Hempstead Hospital Board as implied in the opinion. This developed this morning after a meeting between Judge Byers and Hospital Board representatives.

Sam H. Boyce, assistant attorney general, issued an opinion that the Hospital Board does not have authority to build a nursing home and that the County Judge, acting as the county court, has the authority over construction of all county buildings.

So far the letter of the law has been complied with. Judge U. G. Garrett signed all contracts with the contractor and since he went out of office Judge Byers has handled everything, both the Board and Judge said this morning. The Board which is appointed by the county judge merely acts in an advisory capacity.

Construction is already under way on the new \$214,000 nursing home which is being erected adjacent to the hospital. All phases of work so far have been approved by the government which pays two-thirds of the cost under the Hill-Burton act. The remaining one-third is put up by the county.

Laos Talks May Work in Favor of Communists

By JOHN GRIFFIN

VIENTIANE, Laos (AP)—The pro-Western government today formally accepted a cease-fire appeal by Britain and the Soviet Union and said it is ready to meet any time with rebel leaders to set a date for halting the fighting.

The Soviet news agency Tass in a dispatch from Hanoi, in Communist North Viet Nam, reported a few hours later Laotian Pathet Lao rebel leader Prince Souphanouvong will order his forces to cease fire throughout Laos.

Souphanouvong "warmly acclaims" the cease-fire appeal. Tass said, but no date for his cease-fire order was given. Government officials first said they hoped for a cease-fire by noon Wednesday but later indicated it might be several days before arrangements could be made.

Earlier, Peiping radio said Prince Souphanouvong, recognized by the Pathet Lao and the Communist bloc as premier of Laos, "welcomed" the cease-fire.

By LEWIS GULICK

WASHINGTON (AP)—Top U.S. officials today saw a large gap in the Laos cease-fire plan which could let Communist-backed rebels spring another military offensive before the proposed 14-nation peace conference gets under way.

They emphasized that this hazard is one of many which will have to be surmounted in the long and uncertain struggle to get an effective international agreement for a neutral, independent Laos.

Britain and the Soviet Union, as co-chairmen of the 1954 Indochina settlement which created Laos, Monday issued their long-awaited peace proposal. They called for a cease-fire to be checked by a three-nation control commission, then a 14-nation par-

Arkla Gas Rate Hike Protester

LITTLE ROCK (AP)—Most customers of Arkansas Louisiana Gas Co. are getting higher bills this month. And a city attorney acted today to have the rate increase reviewed by the Public Service Commission.

A 70-cent a month increase in Arkla's minimum service charge took effect automatically April 1 and an Arkla spokesman said that all bills mailed after that date reflect the increase.

City Atty. J. V. Spencer Jr. of El Dorado filed a petition today asking the PSC to disallow the increase and order Arkla to make refunds to all customers.

He termed the boost exorbitant. There was some question, however, whether the commission could disallow the increase, now that it is in effect.

All PSC's top personnel were in New York for a meeting and not available for comment.

The Commission in the past has acted on its own initiative to review rates that were in effect. It did this in one case involving Southwestern Bell Telephone Co. The minimum charge increase was linked to an Arkla proposal to standardize—and in most cases increase—the franchise fee it pays to cities.

Hope Students Receive Grant

Mary Charlene Horton

Marcia Bowden

ARDAMPHIA — Two Ouachita Baptist College seniors for Hope have received National Defense Education Act grants for the summer study in modern languages, according to Miss Lois Gardner, chairman of the Ouachita department of foreign languages.

Receiving the NDEA grants are Marcia Bowden, daughter of Mr. and Mrs. J. T. Bowden, 310 W. Avenue G; and Mary Charlene Horton, daughter of Mr. and Mrs. F. M. Horton, 801 W. Avenue B.

Miss Bowden is a member of the EEE social club at Ouachita

and Sigma Tau Delta. A French editor of the college newspaper, the Signal, and is listed in "Who's Who in American Colleges and Universities." She is also a member of the Student National Education Association.

Miss Horton is a French major. She is former president of the Gamma Phi social club and is a member of the Kappa Delta Pi education fraternity. She is vice president of the senior class and is also listed in "Who's Who."

Both coeds are 1957 graduates of Hope High School.

Final Rites for Mrs. Johnson

Funeral services for Mrs. Lillie Louella Johnson, who died at her home here Saturday, were held today at Ashdown by the Rev. Howard White and the Rev. Gordon Renshaw. She was a member of Unity Baptist Church.

Survivors include two sons, Rev. Sammy Johnson of McAlester, Okla., Dan Scholes of Chandler, Ariz., four daughters, Mrs. A. L. Tullis of Hope, Mrs. Holly Perkins Jr., Texarkana, Mrs. Champ Scott, McAlester, Mrs. Marvin Yarbrough of Lancaster, Calif., three brothers, Joe, Rufus and Gilbert Ford of Ashdown; three sisters, Mrs. Abe Coleman, Mrs. Vance Bishop, Mrs. Annie Miller of Ashdown.

Gasoline Tax to Continue the Same

WASHINGTON (AP)—The federal tax on your gasoline will continue at 4 cents a gallon if Congress follows the lead of the House Ways and Means Committee, and Congress usually does.

The committee Monday approved a compromise bill to send an additional \$600 million a year into the fund which finances the pay-as-you-go federal superhighway program.

Without such a boost, Congress was told, the program might stretch out as much as five years beyond 1972, when the 41,000-mile network of superhighways is scheduled to be finished.

Beside extending the one-cent "temporary" part of the gasoline tax scheduled to expire July 1, the tax-writing committee approved a series of tax increases on truck operations and voted to divert from the general fund to the highway fund the proceeds of half the excise tax on trucks and buses.

At present the two funds divide the 10 per cent tax. Under the committee plan the highway fund would get it all. Passenger automobile excises would not be affected.

Spokesmen for truck management and labor, who complained that President Kennedy's original recommendations would have dealt their industry a cruel blow, won substantial points in the final compromise.

Terror and Reprisals Reign in Cuba

By THE ASSOCIATED PRESS

A crackdown on religion. Terror. Jails overcrowded to the point that private homes are used as prisons. Terror. Increased support for Fidel Castro.

This is Cuba as pictured by persons who saw it only Monday. They were the first to arrive aboard Cubana Airlines planes in New York and Mexico City since the abortive invasion of the island last week.

Many of the 38 who flew into Mexico City were hesitant to discuss what they had seen. Many, like most of the 62 who arrived in New York, insisted on anonymity.

A foreigner, who told a Mexico City newsman he feared reprisals if his name was used, said there had been a sharp increase in arrests of priests and other religious leaders since the invasion.

He said about 20 leaders of a Protestant school were rounded up and taken away by Castro authorities. Another passenger interjected that priests were being arrested along with politicians.

"Estimates run from 50,000 to a million prisoners arrested in the past few days," the second man said. "Jails and penitentiaries are so crowded Castroites are taking over large homes to house them."

An arrival in New York said "there is nothing but an atmosphere of terror in Cuba."

Despite the talk of terror, there were some who felt Castro has gained strength since his Soviet-armed forces threw back the rebel invasion.

"Before the invasion, 50 per cent of the people were for Castro," said Harry Dolansky of Montreal. "After the invasion, the country was unified behind him."

Dolansky and Henry Marvin, both of the Allied City Corp., said they were treated well in Havana and even were able to get telephone calls to and from Montreal.

At present the two funds divide the 10 per cent tax. Under the committee plan the highway fund would get it all. Passenger automobile excises would not be affected.

Spokesmen for truck management and labor, who complained that President Kennedy's original recommendations would have dealt their industry a cruel blow, won substantial points in the final compromise.

JFK Takes Full Responsibility on Cuba Events

WASHINGTON (AP)—President Kennedy has again made it clear that he takes full responsibility for whatever part the United States played in the ill-starred Cuban invasion.

The White House issued a statement Monday night which said: "President Kennedy has stated from the beginning that as president he bears sole responsibility for the events of the past few days. He has stated it on all occasions and he restated it now so that it will be understood by all."

"The President is strongly opposed to anyone within or without the administration attempting to shift the responsibility."

There was no elaboration to the White House statement but it apparently was prompted by sharp Republican reaction to a remark by Secretary of the Interior Stewart L. Udall tying in former President Dwight D. Eisenhower with early planning of last week's rebel landings in Cuba.

Gov. Nelson A. Rockefeller of New York and former President Harry Truman were to be filled in today on Kennedy's Cuban policy.

Kennedy invited the Republican governor to the White House for a mid-afternoon briefing on the invasion and the problems of combating pro-Communist Fidel Castro's Cuban regime.

He assigned Vice President Lyndon B. Johnson to fly to Missouri for a similar talk with Truman.

Late last week Kennedy discussed the situation with Eisenhower, former Vice President Richard M. Nixon and Sen. Barry Goldwater, R-Ariz.

While the effect of these discussions may be to lay the groundwork for bipartisan support for any future moves by Kennedy against the Castro regime, informants said this was not the President's purpose.

The briefings were described as an exchange of views on what has happened.

With his statement reaffirming his responsibility, Kennedy sought to stamp out any party row over the Cuban invasion and its failure.

The statement came after Senate Republican Leader Everett M. Dirksen of Illinois protested a remark by Udall that the invasion had been conceived during the Eisenhower administration.

Another high Kennedy official said that while the plan had been drawn up while Eisenhower was in office, Kennedy had ample opportunity to review it and choose alternatives before giving the go-ahead.

In more backwash of the Cuban invasion, the U.S. intelligence system drew more criticism.

An administration official said the Central Intelligence Agency not only grossly underestimated the Castro military force and power to prevent an uprising, but also gave no advance warning on the French army insurrection in Algeria.

Mercury Space Capsule Fails

CAPE CANAVERAL, Fla. (AP)—An attempt to hurl an unmanned project Mercury space capsule into an orbit about the earth failed today when the Atlas booster rocket exploded in flight about 30 seconds after launch.

Probably the first Bicycle Road held here was reported in a State Police publication for 1959-60. The issue carries a picture of the Hope Junior Highway Patrol Safety Bicycle Clubs contest sponsored by the State Police.

Mrs. Arch Wylie, Neighborhood Chairman and Mrs. J. W. Franks and Mrs. Fred McElroy, delegates of the Neighborhood Association, will meet with the group. The public is invited to attend.

French Recall Troops From W. Germany to Bolster Defenses

France Has 4th Atomic Explosion

By GEORGE MCARTHUR

PARIS (AP)—France staged her fourth atomic test blast in the Sahara today, and a government announcement aroused speculation that she had succeeded in constructing a portable A-bomb.

The French scientists have been trying to achieve a bomb capable of being transported by air, thus giving France military atomic capability.

The announcement today said the explosion was the last of the above-ground atomic tests of the French program in North Africa. This was taken as an indication that the miniaturization program had been successful.

Government sources said the explosion at Reggane, deep in the Sahara, was another tower shot of "weak" power. They added that "all precautions have been taken so that radioactive fallout poses no danger to populations."

Announcement of the blast startled Frenchmen absorbed in the Algerian crisis. With France braced for possible conflict with forces following the insurgent generals who control Algiers, Oran and Constantine, the test struck a bizarre note. Reggane is 600 miles south of Algiers and easily accessible only by plane.

Since the first atomic test was carried out Feb. 13, 1960, President Charles de Gaulle has been pressing to develop for France an independent nuclear striking force. Each explosion has brought more and more criticism from other African nations, and the testing now may shift to another area. One possibility is the Kerguelen Islands, in the Indian Ocean 3,000 miles southeast of Madagascar.

Officers Can Collect Witness Fees

LITTLE ROCK (AP)—State Police officers are entitled to a witness fee if they are called to testify when they are not already in court on official business the attorney general's office ruled today.

The opinion went to Lt. Melvin Delong, an administrative assistant at State Police headquarters, who said he was rewriting the State Police personnel manual.

Delong questioned a paragraph in the current manual which requires troopers to turn in all witness fees they collect. He asked if the provision was legal.

The attorney general's office said an officer is not entitled to a witness fee if he testifies in a case in which he has made the arrest.

But if he testifies in another case, he is entitled to a fee, and the State Police department cannot require him to turn it in, the opinion said.

In an opinion to County Judge James T. Jordan of Drew County, the attorney general's office said salary acts passed by the Legislature take precedence over quorum court action in determining the salary of county officials.

Jordan had asked specifically about the salary of the Drew County assessor.

The opinion said the legislature has final authority over salaries and Act 253 of 1961 (the assessor's salary act) must be followed regardless of how the county court has set the assessor's salary.

Henry Wood, Benton County school supervisor, was informed in another opinion that a justice of the peace can serve as a member of a county equalization board.

Cuba Shows Invaders Begging

By LOUIS DE LA HABA

and NEIL GILBRIDE

KEY WEST, Fla. (AP)—Invaders reportedly captured by Fidel Castro's troops demanded death, showed indifference or begged for mercy in a television show from Cuba today.

A priest, a man who claimed he won the U.S. Medal of Honor and a pre-Castro police corporal accused of brutality were among the captives interrogated in a running propaganda series aimed at convincing the Cuban people that the United States engineered the ill-fated invasion.

The telecast, monitored in this Florida city, lasted more than four hours.

The prisoners, who indicated they were aware of the firing squad threat pronounced by Castro, agreed with interrogators that they were duped into thinking the Cuban people would join their cause.

A man who claimed to be Manuel Perez Garcia and claimed he killed 83 Japanese and won the Medal of Honor in World War II, jumped up and shouted, "If this nation loves Fidel Castro, let it shoot me."

In Washington, the Pentagon said Manuel Perez Garcia died in battle and received the Medal of Honor posthumously.

Segundo de las Heras Cabo, who said he is a Spanish-born priest who formerly served in Cuba and parachuted with the invaders, said he was sorry and "would like to make amends."

A prisoner identified as a police corporal under the dictatorship of former President Fulgencio Batista was confronted with a dozen people who accused him of singing while he tortured and killed dozens of people.

Pilot Found to Be Blameless

WASHINGTON (AP)—The Air Force has found a jet fighter pilot blameless in the accidental shooting down of a B52 jet bomber April 7.

The Board of Inquiry found an electrical malfunction caused a short circuit that fired a Sidewinder missile from the jet fighter flown by Lt. James W. Van Scoyoc on a training mission. Three of the eight men on board the bomber died in the crash.

Van Scoyoc, a native of Mattoon, Ill., is a member of the New Mexico Air National Guard.

Probe of Military Work Strikes

WASHINGTON (AP)—The Senate Investigations subcommittee started hearings today on charges that strikes and work slowdowns at military missile bases have impeded projects and made them far too costly.

Sen. John L. McClellan, D-Ark., committee chairman, announced he was calling at least 30 witnesses for the scheduled week of hearings.

The subcommittee claims that labor disputes were fomented deliberately to throw missile projects behind schedule, and force the payment of overtime wages to catch up.

Rigid Guard Set Against Algeria Threat

By JOSEPH E. DYNNAN

PARIS (AP)—Forces loyal to President Charles de Gaulle repulsed an attempt by mutinous paratroopers to seize a naval base near the rebel stronghold at Oran today in the first big setback to militant insurrection in Algeria.

The French president recalled French tanks and soldiers from NATO duty in West Germany, called up more reservists and imposed a tight economic blockade on the vast North African territory.

Units of the French fleet left the big naval base at Toulon, apparently headed toward Algeria. Several destroyers and destroyer escorts weighed anchor.

In a show of confidence, De Gaulle sent a message to the National Assembly as it reconvened declaring it should carry on as usual despite his assumption of full powers to deal with the insurrection.

Premier Michel Debre in a speech to the Assembly warned the leaders of the Algiers military junta that they were heading the nation toward bloodshed and civil war. He referred to this morning's attack near Oran, when 10 paratroopers tried to capture the big French naval base of Mers-el-Kebir, just outside Oran. They fell back under warning shots from a cruiser in the harbor.

The first shots fired since the uprising broke early Saturday emphasized that the navy stands firmly with De Gaulle. At least some of the air force also was loyal. In addition to 11 planes which escaped to France Monday, six flew in today. Two others landed at Gibraltar.

But the quartet of retired gen-

Pre-School Clinic Is Scheduled

James H. Jones, superintendent of schools, announced today that all parents with children who will be six years old on or before December 31, 1961, will report to the Health Office at the courthouse and pick up health folder and application for birth certificate.

If children have had immunizations take this record to the courthouse so it can be recorded on health folder.

It is not necessary to carry the children to the courthouse. As soon as you have received your health folder and application for birth certificate you may take your child to the family physician for immunization. The health folder will be presented at the time of the child's enrollment in school this fall.

The following schedule has been worked out according to school, or attendance areas. Parents report only on the days and time set aside for your attendance area.

Paisley: Thursday, April 27, 9:00-4:00; Friday, April 28, 9:00-11:30.

Garland: Thursday, May 11, 9:00-4:00; Friday, May 12, 9:00-11:30.

Brookwood: Thursday, May 18, 9:00-4:00; Friday, May 19, 9:00-11:30.

Fulton parents may report on the dates April 27 and April 28. A schedule has already been worked out by the County Health Unit with parents who have children entering Yerger Schools.

erals who seek to overthrow De

peace policies held control of the
main cities of Algeria with the
vociferous support of much of the
excitable European population.

French Information Minister
Louis Terrenoire, claimed four-
fifths of the army in Algiers is
loyal to De Gaulle.

De Gaulle's government said it
was still in contact with, and pre-
sumably held the allegiance of,
civil and military authorities of
Tlemcen, Mostaganem and Saida
in western Algeria; Orleansville
in central Algeria, and Scif, Phil-
ippeville, Batna and Djidjelli in
eastern Algeria.

Philippeville and Djidjelli are
ports. The government was also
said to control the port of Bougie,
terminal for the pipeline carrying
Sahara's oil from the desert to the
coast.

Officials in Paris conceded that
the situation in Bougie, another
port in eastern Algeria, was con-
fused.

De Gaulle was bolstered by
near-unanimous support of the
population of France. People went
about their jobs calmly for the
most part. French housewives, re-
membering wartime shortages,
stocked up on staples.

About 10,000 reservists have
been called back to military service
and the callup is continuing,
the government said.

The number of troops brought
back from the 50,000-man French
force in West Germany was not
disclosed.

Two nights ago De Gaulle warned
that the mullineers in North Africa
might try to seize Paris or other
centers in metropolitan France
with a paratroop invasion.

Citizens were called to the alert
and told to rush into the streets
if they heard signs indicating an
attack was under way.

Dear Undecided: Yes. Accord-

you're still a little girl. For a
child of 11 to wear silk stockings,

acter and therefore in bad taste.

Laos Talks

Continued from Page One

ley on Laos' future to start in

Geneva May 12.

The cease-fire gap showed in
the text of the proposal as pub-
lished Monday night. The plan
set no specific date for a halt to
the fighting, beyond saying it
should stop before the Geneva
parley begins.

U.S. authorities portrayed the
Laotian government forces as
ready to stop their shooting
promptly. But they feared the
rebels, backed by mounting Sov-
iet-aeried supplies, would open
a final push to seize additional
important parts of the small
Southeast Asian kingdom — per-
haps fighting right up to the eve
of the conference.

The allies' diplomatic bargain-
ing position already has suffered
heavily from rebel advances in a
drive that since December has
captured large areas of Laos ad-
jacent to Communist North Viet-
nam and threatens to split the
country at its narrow waist.

The State Department served
notice that without a verified
cease-fire, the United States will
not go to the Geneva meeting.

Press officer Lincoln White un-
derlined the military situation,
stressing that the cease-fire is up
to the rebels.

While voicing U.S. "satisfac-
tion" with the British-Soviet plan,
he denounced the rebels' week-
end advance through strategic
Vang Vieng as an 11th-hour of-
fensive toward the capital of
Vientiane.

The British-Soviet proposal said
nothing about the Soviet arms air-
lift or U.S. aid to the Laotian
government forces. U.S. strate-
gists planned to keep American
assistance flowing at least until
there is a guaranteed halt to the
outside Communist aid.

Southeast Asia Treaty Organi-
zation plans to step in as neces-
sary to keep the Reds from swal-
lowing up the country were said
to be in readiness should the
Communists try further major ac-
tions before or after the Geneva
conference gets going.

U.S. officials saw a long, up-
hill fight in their efforts to sal-
vage Laos from unremitting Com-
munist pressure.

Guilty to Liquor
Law Violations

LITTLE ROCK (AP) — Ernest
Woodrow Vaughn, 48, of near
Stuttgart, pleaded guilty to a 15-
count indictment of liquor viola-
tions in federal District Court
Monday and was fined \$1,000.

Federal agents called him "one
of the largest dealers in moon-
shine whiskey in Arkansas."

Vaughn paid the fine with 10 \$100
bills. It was the heaviest fine
levied in an Arkansas liquor case
in years.

The federal Alcohol and Tobacco
Tax Unit said Vaughn employed
people to make and transport the
whisky. Judge J. Smith Henley

Elephant Tramples Elderly Man

SAN ANGELO, Tex. (AP) — An
elephant suddenly went berserk
Monday and trampled to death
an elderly man and injured its
trainer as hundreds of bystanders
stood by in helpless horror.

The 40-year-old elephant, named
Jenietta, had spent the morning
pulling children in a wagon
around a shopping center parking
lot. At the time of the accident
she was tethered near a truck.

"I don't know what happened,"
said Earl Tillman, 20, of La-
grange, Tex., the trainer.

Tillman said he saw James
John Orr, 67, walking around the
elephant and the animal suddenly
swung at Orr.

Orr started to run. Before he
got five feet the elephant knocked
him down.

"I started to run over to him
and before I got there she had
her foot on him," he said, "I
don't remember anything after
that."

Orr died a few minutes after
being trampled.

Witnesses said the elephant
grabbed the trainer by the arm
and tossed him over her back.
Tillman suffered a broken arm
and bruises.

After the accident the elephant
was locked in the truck and
placed under guard.

The elephant formerly was
said he was not sending Vaughn
to prison because he had no prior
criminal record and was support-
ing a large family.

"This (fine) ought to take the
profit out of whatever liquor the
man has made for some time
back," Henley commented. The
indictment covered the period De-
cember, 1955, through March, 1959.

Only One Game Separates 4 Nat'l Leaders Tigers Extend Lead in Win Over Yankees

By JOE REICHLER
Associated Press Sports Writer

At the start of the season, the National League managers predicted a five-team race with a sixth team, the Cincinnati Reds, having an outside chance. The league standings today make the pilots look like geniuses in the guessing department.

Only one game separates the first four teams after two weeks play. Another game separates the seventh-place Milwaukee Braves from the first-place Los Angeles Dodgers, San Francisco, St. Louis and Pittsburgh, the other three in the top-rated five, are tied for second place.

In the only game played Monday Pittsburgh edged Milwaukee 7-6 to drop the Braves one game out of the cellar. To further illustrate the closeness of the National League race, had the Braves won, they would have bolted into second place.

Three games were played in the American League. Detroit's first place Tigers defeated the New York Yankees 4-3. Cleveland thrashed Baltimore 5-1 and Minnesota beat Kansas City 10-6.

By JOE REICHLER
Associated Press Sports Writer

The Detroit Tigers extended their winning streak to eight straight Monday defeating the New York Yankees 4-3. The triumph enabled the Tigers to retain their first place margin in the American League by half a game over the Minnesota Twins who took a 10-inning, 10-6 decision from Kansas City.

In the only other American League game, Cleveland defeated Baltimore 5-1. Rain washed out

Bob Friend won his third without a defeat for the Pirates but he needed ninth inning help from Clem Labine. The veteran right-hander allowed only five hits through eight innings, and went into the final frame leading 7-4.

Wes Covington's single, an error and a sacrifice produced one Milwaukee run. Friend got John Demerit to fly out but when Johnny Logan singled in a run, Manager Danny Murtaugh summoned Labine from the bullpen. The sinker ball specialist got Roy McMillan on a grounder to end the game.

Landmark 50 Years Comes Down

THE OLD IRON STAIRWAYS IN THE alley between Lewis-McLarty's store and M. S. Bates' office are shown being torn down today by city crews. The stairways have been partially blocking the alleyway for the past 50 years.

City Prepares for Visitor

ABOVE PHOTO SHOWS SHERIFF JIMMIE GRIFFIN preparing to take "good care" of Dallas Judge W. E. Richburg when he arrives in Hope the morning of May 8. The sheriff hopes he will rest comfortably in this "abode" until 12 noon that day when the judge is scheduled to make an appearance before the Hope Lions Club to face a battery of Hope attorneys and a "mock trial" for the much publicized crack about the fair city of Hope a few weeks ago.

NEXT WEEK'S PHOTO WILL SHOW THE COMPLETED "gallows and hangman's noose," but don't get the wrong idea. It's all in jest, and is being promoted by R. C. (Bob) Daniels, a native Texan himself, who has charge of the civic club's program that day. Hope Kiwanis Club has been invited to meet jointly with the Lions on May 8 at Hotel Barlow — and a good time is promised for all.

the scheduled game between Los Angeles and the White Sox in Chicago. Boston and Washington were not scheduled.

In the only game scheduled in the National League, Pittsburgh edged Milwaukee 7-6.

Minnesota railed for three runs in top of the ninth to overcome a 6-3 Kansas City lead furnished by Marv Throneberry's three-run homer in the bottom of the eighth. Catcher Earl Batley's leadoff single ignited the tying rally. Two Athletic errors and Bob Allison's single filled the bases in the tenth against loser Bud Daley and set the stage for Batley's game-winning blow. Ray Moore, in relief, was the winner.

The Tigers extended their winning streak to eight straight as Frank Lary continued his hex over the Yankees. The stocky little right-hander hurled a seven-hitter to lift his lifetime mark against the Yankees to 24 victories and only 8 defeats.

Rookie Steve Boros and first baseman Norm Cash led a 10-hit attack against loser Bob Turley and two relievers. Boros cracked three hits and drove in two runs. Cash put his team in front with a fourth inning home run.

FULL-SIZE DODGE DART

WHY YOU SHOULD BUY A DART INSTEAD OF A LANCER

... OR VICE-VERSA

COMPACT DODGE LANCER

In buying a new Dodge, there's only one big decision. What size, compact or standard? Dart (on top) is a full-size Dodge priced model for model with Ford and Chevrolet. Below is our new compact Dodge Lancer. There are three differences between them. Size: Dart is the bigger. Appearance: obvious. And price. We've already established Dart's. Lancer's is about the same as Comet, Falcon and Corvair. Otherwise they're mechanical twins.

STANDARD OR COMPACT
YOU GET A GREAT DEAL WITH

With a unitized, rust-proofed body. A superbly-controlled ride called Torsion-Aire. A battery-saving alternator. And lots more. Pick the Dodge that fits you best. Get it at the lowest possible price. What could be fairer than that?

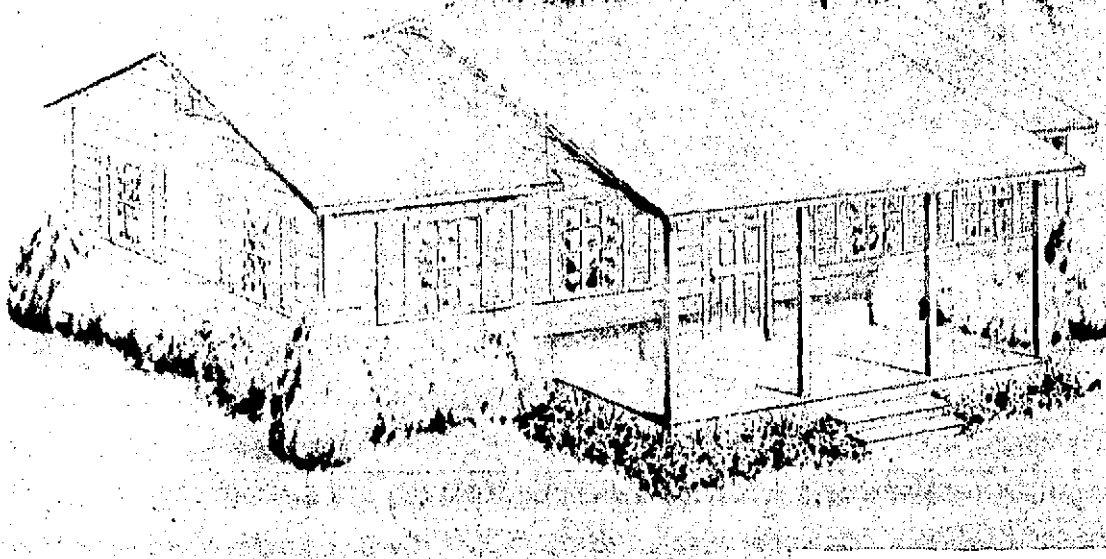

FREE TIE-CLIP IGNITION KEY to fit your present car. A guaranteed \$2.50 retail value. Get one absolutely free simply by taking a ride in a Dodge car or truck at any Dodge dealer displaying the big "Golden Key" banner. Offer expires midnight, April 30, 1961.
